

Privacy Policy for SG2 Technologies, LLC

Last Updated: April, 2026

SG2 Technologies, LLC ("we," "us," or "our") is a software company specializing in the development of bespoke applications for clients to use in-house within their organizations. This Privacy Policy explains how we collect, use, disclose, and protect personal information in connection with our website, marketing activities, client engagements, and the custom software development services we provide (collectively, our "Services").

We respect your privacy and are committed to protecting personal information in accordance with applicable data protection laws, such as the EU General Data Protection Regulation (GDPR), the Virginia Consumer Data Protection Act ("VCDPA"), and similar laws in other jurisdictions. This policy applies to personal information we process as a data controller (e.g., information about our clients, prospects, and website visitors) and describes our practices when acting as a data processor for client data in the bespoke apps we develop.

Please read this policy carefully. By using our Services or providing us with personal information, you acknowledge the practices described here. If you do not agree, please do not use our Services or provide your information.

1. Information We Collect

1.1. We collect two main categories of personal information:

- 1.1.1. Information we collect as a data controller (our own business operations):
- 1.1.2. Contact and account information: Name, email address, phone number, job title, company name, and billing details provided when you inquire about our services, sign a contract, or communicate with us.
- 1.1.3. Website and usage data: IP address, browser type, device information, pages visited, and interaction data collected automatically through cookies, analytics tools, or similar technologies.
- 1.1.4. Marketing and communications data: Preferences for receiving updates, newsletters, or marketing materials.
- 1.1.5. Other: Any information you voluntarily provide in support requests, surveys, or feedback.

1.2. Information we process as a data processor (on behalf of our clients):

- 1.2.1. When developing and delivering bespoke in-house apps, clients may provide or upload data about their own employees, customers, or other individuals (e.g., names, contact details, employee records, or other business data). This "Client Data" is processed solely according to the client's instructions under our services agreement and any applicable Data Processing Agreement (DPA).

- 1.2.2. We do not control or own this Client Data and do not use it for our own purposes beyond providing the agreed Services.
- 1.2.3. We do not knowingly collect sensitive personal information (e.g., health, racial origin, or biometric data) unless explicitly required and instructed by a client for a specific app, in which case it is handled strictly as a processor.

2. How We Use Your Information

2.1. For information we control:

- 2.1.1. To respond to inquiries, provide quotes, enter into and perform contracts, and deliver our Services.
- 2.1.2. To manage client relationships, billing, and accounting.
- 2.1.3. To improve our website, Services, and offerings (e.g., through analytics).
- 2.1.4. To send administrative communications or marketing materials (where permitted by law; you can opt out anytime).
- 2.1.5. To comply with legal obligations, enforce agreements, or protect our rights.

2.2. For Client Data (as processor):

- 2.2.1. We process it only to design, develop, test, deploy, host (if applicable), maintain, or support the bespoke app as instructed by the client. We do not use it for our own marketing, analytics, or other purposes.

3. Legal Basis for Processing (where applicable, e.g., under GDPR)

- 3.1. Performance of a contract.
- 3.2. Legitimate business interests (e.g., providing and improving Services).
- 3.3. Compliance with legal obligations.
- 3.4. Your consent (where required, e.g., for certain marketing).

4. How We Share Your Information

- 4.1. We do not sell personal information.
- 4.2. We may share information with:
 - 4.2.1. Service providers and subcontractors: Trusted third parties (e.g., cloud hosting providers, payment processors, developers, or analytics services) who assist us and are bound by confidentiality and data protection obligations.

4.2.2. Clients: For Client Data, we share or return it only as directed by the client.

4.2.3. Legal and regulatory authorities: If required by law, subpoena, or to protect rights/safety.

4.2.4. Business transfers: In the event of a merger, acquisition, or sale of assets.

4.3. When acting as a processor, sharing is limited to the client's instructions and our DPAs.

5. Data Security

We implement reasonable administrative, technical, and physical safeguards (e.g., encryption, access controls, secure development practices) to protect personal information. However, no system is completely secure, and we cannot guarantee absolute security. Clients remain responsible for their own security practices regarding end-user data in the bespoke apps.

6. Data Retention

We retain personal information only as long as necessary for the purposes described, to fulfill legal obligations, resolve disputes, or enforce agreements. Client Data is retained per the client's instructions and our services agreement (typically for the duration of the project or support period, after which it is deleted or returned unless otherwise agreed).

7. Your Rights and Choices

7.1. Depending on your location and applicable law, you may have rights to:

7.1.1. Access, correct, or delete your personal information.

7.1.2. Restrict or object to processing.

7.1.3. Data portability.

7.1.4. Opt out of marketing communications (easy unsubscribe links are provided).

7.1.5. For California residents or others under similar laws: Additional rights regarding "sales" (none occur here) or sensitive data.

7.1.6. For Client Data, please contact the relevant client (your employer or the organization providing the app) first, as they are the data controller.

7.1.7. To exercise rights regarding information we control, contact us using the details below. We will respond within the time required by law (typically 30 days).

8. International Data Transfers

If we transfer data outside your country (e.g., to the U.S. or other locations where we or our providers operate), we use appropriate safeguards such as Standard Contractual Clauses (where required by GDPR or similar laws) or other legally recognized mechanisms.

9. Cookies and Tracking Technologies

Our website uses cookies and similar technologies for functionality, analytics, and performance. You can manage preferences via your browser settings or our cookie consent tool (if implemented). See our separate Cookie Policy (link) for details.

10. Children's Privacy

Our Services are not directed at children under 16 (or the applicable age in your jurisdiction). We do not knowingly collect data from children. If we become aware of such collection, we will delete it.

11. Links to Third-Party Sites

Our website or apps may contain links to third-party sites. We are not responsible for their privacy practices—please review their policies.

12. Changes to This Privacy Policy

We may update this policy periodically. We will notify you of material changes by posting the updated policy with a new "Last Updated" date and, where required by law, via email or other notice. Continued use of our Services after changes constitutes acceptance.

13. Contact Us

13.1. If you have questions, concerns, or wish to exercise your rights, contact our Privacy Officer at:

13.2. Email: privacy@sg2Tech.com

13.3. Postal: 1706 Amber Cir, Alexandria, VA 22304

13.4. Phone: +1 (646) 799-6994

13.5. For GDPR-related matters, our EU representative (if applicable) can be reached at privacy@sg2Tech.com
